

FIRST AID TRAINING

FIRST AID:

First aid is the initial care of a sick or injured person. First aid training can save lives in the critical time before emergency services or medical help arrives.

The aims of First Aid Training are to:

- Preserve life
- Protect the unconscious person
- Prevent further injury
- Promote recovery

On enrolment a workbook will be given for the 'Theory Component' - **it must be completed beforehand** and brought on the day. On the day you will learn and complete practical testing and you will also be assessed on the information you completed from the workbook.

PLEASE NOTE: * No Workbook - No Participation*

This course complies with workplace health and safety regulations. Formerly First Aid Workplace Level 2, and includes CPR training.

Your First Aid Certificate is valid for 3 years, however you are required to undertake CPR annually to ensure currency.

CPR – Cardiopulmonary Resuscitation

Learn how to perform CPR - includes the use of an automated external defibrillator. CPR certificates are current for 12 months and must be updated annually.

ANAPHYLAXIS:

This course provides training to assist with severe allergic reaction or anaphylactic shock, signs and symptoms and emergency management. The course meets the needs of staff working in Children's Services or schools who are required to have undertaken accredited anaphylaxis management training.

EARLY CHILDHOOD EDUCATION – FIRST AID

This 2-day course applies to early childhood educators and support staff working within an education and care setting who are required to respond to a first aid emergency. It meets First Aid, Asthma and Anaphylactic situations. Certificate valid for 3 years

Nationally Recognised Training at the Bacchus Marsh Community College is delivered with funding made available by the Victorian and Commonwealth Governments.
